

OPENGL-ES V4 LIBRARY PREORDER

Register interest in next version of the OpenGL-ES library

Cardiff, 13 July 2026

A-EON Technology Ltd is pleased to invite customers to register interest in the next major release of our OpenGL-ES library for OS 4.

Version 3.3 of the OpenGL ES library was provided with the last Enhancer Software release.

OpenGL-ES Library v4 will bring advances in graphics functionality and compatibility, further empowering developers to create applications and games on OS 4.

At this stage, we are gauging demand to determine whether the project proceeds to full development.

Registration of interest is intended only for customers who are genuinely likely to place a pre-order at the planned price of **£35**. By registering, you confirm that you intend to pre-order if the price and terms are met and the project goes ahead.

Registration does not oblige purchase. It is solely intended to measure committed demand and help plan responsibly for the future.

Development will once again be carried out on behalf of A-EON by our developer Daniel Müßener.

“ We are excited about the potential of OpenGL-ES 4 on OS 4, but we want to be sure there is enough committed demand before committing to full development. Your serious interest today will help shape the future of the project. **”**

Matthew Leaman
Managing Director, A-EON Technology Ltd

We thank our community for its continued support and look forward to building the future of graphics on OS 4 together.

PRICING AND DEVELOPMENT THRESHOLD

- Planned pre-order price: **£35**
- Development will proceed only if **100 pre-orders** are secured.

If the threshold is not met, the project will not proceed and no pre-orders will be taken.

WHY REGISTER?

Registration is for customers who are genuinely serious about placing a pre-order at the planned price of **£35** if the project proceeds. This helps us understand real, committed demand for OpenGL-ES Library v4 on OS 4. Registered customers will be notified as soon as pre-orders open.

HOW IT WORKS

- Register your interest by sending us an email.
- We will keep you informed.
- You will be notified when pre-orders officially open.
- Registering interest does not oblige purchase.
- Register only if you intend to pre-order at **£35** if the project goes ahead.
